

MILSOM HOTEL
TERRACE SAIL AWNING

Client: Milsoms Hotel Group

MILSOMS HOTEL & CONTEMPORARY BAR/BRASSERIE RESTURANT, DEDHAM, ESSEX

Clients: Milsom Hotels & Resturants Group

This was the first of the sail canopies we were invited to design for the Milsom Hotel and Restaurant Group.

Here is it possible to attach the sail to the building with 5 custom wall brackets. The sail is tensioned out to 4 masts with stainless steel rigging and bottle screws. It stays up all year round and is only removed for 1 week a year for cleaning and refurbishment. Additional side screens with transparent "windows" gives extra protection in winter months.

Wall brackets: Custom made galvanised steel. Masts CHS 100mm ss. Rigging 12mm 1/19ss + bottle screws. Fabric Holiday FR.
