Part of the Milsom Hotels & Restaurants Group, along with Le Talbooth and Milsoms Hotel.

Milsom's Kesgrave Hall is a luxury boutique hotel. Here the requirement was to create a large free standing sail canopy to cover the terrace. The area to be covered is large - about 200sqM and a substantial frame with 150mm stainless masts and painted booms supporting the sail canopy. Tension is achieved by 10mm mini rigging screws at each outhall, 20 in all.
